AGREEMENT AND SIGNATURE

By adopting a bee box, you acknowledge that the one-time contribution of Rs. 8,500/- (per box) covers a period of three (3) years. During this period, your adopted bee box will be a part of Treephala apiaries and fully managed by Treephala Earth Pvt. Ltd. Each year, 2 kg of honey from your box will be sent to you in glass jars with your custom honey bottle label. Honey will be sent in two batches giving you a taste of the different seasons of forest. Balance honey will be used for bee conservation and box upkeep. Adopting a bee box does not create any ownership rights over the box, bees, honey, or related produce. It is an initiative towards tackling colony collapse disorder, not a commercial transaction. As beekeeping depends on natural conditions, honey yield, bee survival, or colony health cannot be guaranteed, and Treephala Earth Pvt. Ltd. cannot be held liable for natural outcomes.
